Group Profile:
JURITAX is a permanent cooperation of lawyers, notaries, patent agents, tax consultants and certified public accountants. JURITAX enables its—legally and economically independent—members to offer their clients an all-around assistance on a regional and national, as well as on a European and international level.

JURITAX offers its member offices, - which can be compared to the so-called smaller and middle-sized companies (in German: KMU), the necessary personal and regional resources to give overall attendance to their clients.

JURITAX successfully enables its member offices – in competition with bigger law firms – to appear in court and give competent counsel to their mandators on numerous locations and on a broad variety of legal matters.

JURITAX also has member offices that offer overall tax counsel and assistance in industrial property matters before the patent offices and courts.

JURITAX – More detailed information may be obtained at the above-mentioned member offices or the below named management.
